

A simple (<10min) online assessment enabling organisations to measure, focus and act on benchmarked improvements that matter.

## Overall Index

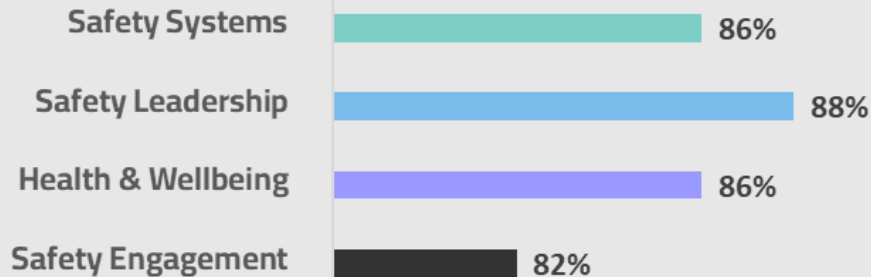

"Strong" leadership behaviours, systems and experiences with certain areas requiring attention to enable health & safety continuous improvement.

## Dimensions

## Aspects

## Outcomes

**Sleep**  
 On average had trouble sleeping in the previous 4 weeks

**Project Mgt. vs Contract Mgt.**  
 Work has an adverse affect on mental health worse in Project Mgrs.

**REVIEW**

"The Health and Safety Index is the ideal tool to support the strategic planning in your organisation by providing real and actionable intelligence on the lived experience of your people."

**Adam Jackson**  
 Head of HSSE, PDS Australia  
 Jones Lange LaSalle (JLL)

**REVIEW**

"The Health & Safety Index was not only easy to deliver and credible, but also produced invaluable results allowing us to gain a greater understanding .... This enabled us to target our strategy further to align with our company's results."

**Caitlin Stuhlemer**  
 Asia Pacific ESH Senior Manager,  
 Lockheed Martin
