

Jason Questor

Founding Partner, Executive Vice President

Jason Questor has over 35 years professional experience in learning systems development and delivery; leadership and management development; business and information technology management; organizational culture assessment; project management and business analysis; product management; marketing communications, and sales. Originally with Honeywell Information Systems, Jason is the author of hundreds of programs, courses, articles and presentations in the above areas.

Jason provides business transformation consulting with client management and staff personnel to assess and align organizational culture with strategy, codify business rules, identify opportunities and improve business practices. As an executive coach and mentor, Jason works to leverage the interpersonal effectiveness, professional and technical skills of organizational leaders to create inspired teams and market leading client products and services.

Jason's passion for effective business solutions, coupled with his consultative training style, have allowed him to develop and deliver effective and transformational training and consulting services for global clients including AT&T, Aviso Wealth, Bell Mobility, Boeing Integrated Defense Systems, Cisco Systems, CNH Global, Deloitte, eOne Entertainment, Hatch, Liberty Mutual Insurance, Lumenix, Ontario Power Generation, Rogers Communications, Royal Bank of Canada, Seagate, Shoppers Drug Mart, Softchoice, TELUS and Wardrop Engineering. His work with government agencies includes the Canada Revenue Agency, the BC Ministry of Government Services, The Information Technology Services group within the Ontario Public Service, the US Mint, The US Navy Air Command, the US Army Corps of Engineers and The US Department of Energy - Los Alamos Research Laboratory.

During his extensive career he has also trained thousands of business leaders and managers, program and project managers, business analysts, database developers and software engineers in both fundamental and advanced level skills and practices.

Jason was the founding President of the Toronto Chapter of the International Institute of Business Analysis®, a position he was re-elected to for 10 years by the membership. Jason served as Editor / Contributor for the IIBA Guide to the Business Analysis Body of Knowledge® 2.0 and Contributor for version 3.0.
